

Infinite Campus Parent App - Getting Started

Overview

Campus Parent puts school information like Attendance, Fees, Schedules, Health, Transportation, Test Scores and Food Service balances at your fingertips.

To set up a new account, you will need an Activation Key. The **Activation Key** is only used once to create your user account. After that, the activation key will not work and the user name that was created should be used to log into the Portal.

Letters are sent home at the beginning of the school year with your assigned Activation Key. If you did not receive your key or have misplaced it, please contact your child's school and they can assist you with retrieving it.

Step-by-step Guide

1

Open the app and search for your **District Name** and **State**, entering at least 3 characters of your district's name to search. Select your district from the list.

2

Click **New User?**

3

Enter your **Activation Key** in the space provided and then **Submit**.

4

The activation key will be verified, and when approved will display a Welcome screen with your name. Enter a **Username** and **Password** and click **Submit**. (Password strength must be green to save)

5

Click **Back to Login**

6

Enter a required security email along with your password you just created. This email will be used to contact the user regarding account security and username/password recovery.

7

Click **Save**
