

Sign Into Adobe Spark

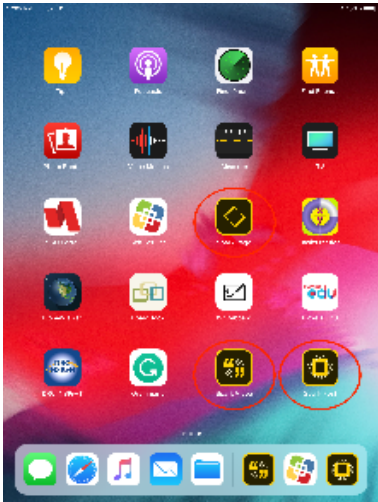

Overview

When using Adobe Spark iPad apps like Page, Post, and Video follow the directions below to sign in. It's important these steps are followed exactly or you will be incorrectly prompted to create a new Adobe ID. The district creates Adobe IDs for all students which are already licensed for Adobe Spark. If you do not use the provided account Spark may not work.

Step-by-step Guide

1

Open the Adobe Spark app you'd like to use.

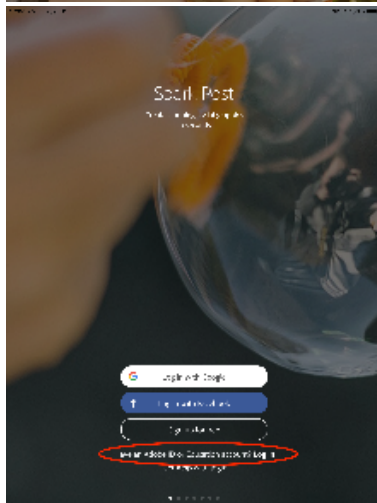

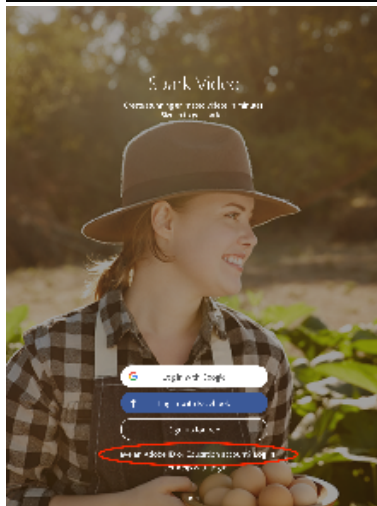

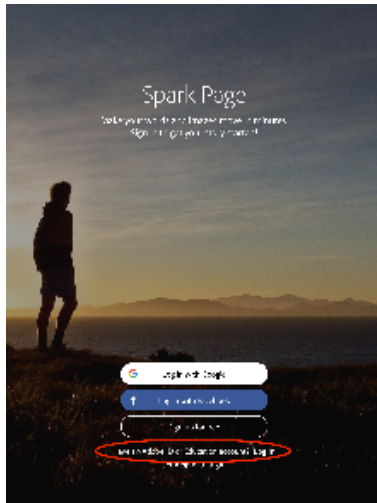

Need more help?

If this article does not help resolve the issue, please submit a ticket.

- [Create a new ticket via Web Helpdesk](#)
- [Create new ticket via email](#)

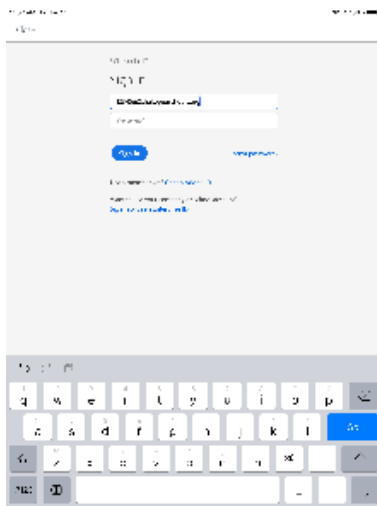

2

Tap "Have an Adobe ID or Education account? Log in"

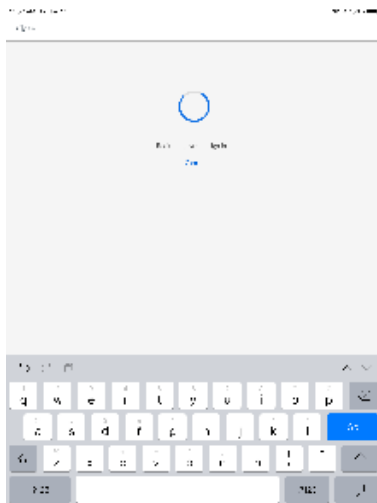

3

Sign in with your school Google account like below.

4

After typing in your Google account Adobe will redirect you to another Google sign in screen.

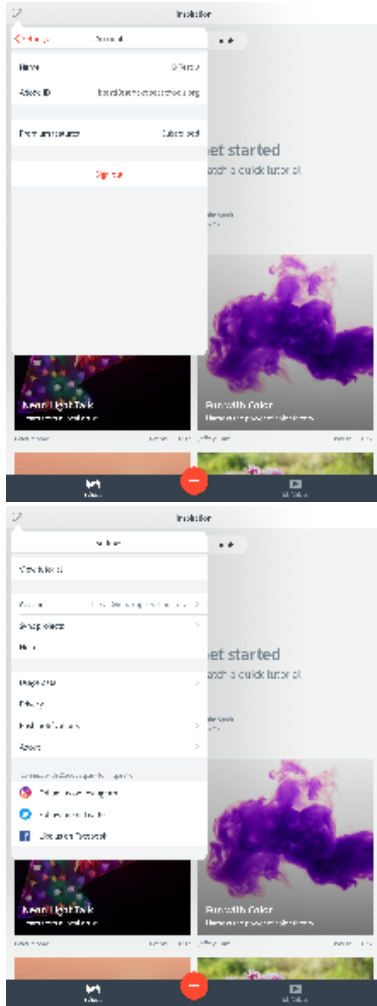

5

Sign in again with your school Google account.

6

You should now be signed into the Adobe Spark app.
